

**Makenna Tucci**  
Orchestrator / Program Manager  
AiRANACULUS

Makenna serves as the Orchestrator at AiRANACULUS. She is responsible for a wide variety of functions at AiRANACULUS including local Human Resource (HR) support, company day to day operations, finance, proposal management, time keeping etc.

As a Program Manager in training, she collaborates and participates in proposal management. With over five years of management experience and training, Makenna has consistently showcased her exceptional skills in organization, communication, teamwork, and professionalism. Her proactive mindset and eagerness to learn reflect the core values of AiRANACULUS.

Makenna completed her Bachelor of Science in Business Administration with a specialization in Human Resource Management at Southern New Hampshire University in December 2021. Her scholarly focus was primarily on Human Resource Management, where she exhibited profound comprehension and conducted extensive research on topics such as equal opportunity employment, strategic human resource development, and safeguarding employee data security. During her studies, she focused on Human Resource Management, delving deeply into subjects such as equal opportunity employment, strategic human resource development, and employee data security. Her academic excellence and leadership as a student-athlete captain earned her multiple scholarships and recognition on the Presidents List.

In her professional journey, Makenna has held key leadership positions in fast-paced, dynamic environments. She is proficient in task management platforms like Slack and Jira and has extensive knowledge of the Microsoft Office Suite and Adobe Acrobat. Her expertise in managing schedules, facilitating employee onboarding, coordinating business meetings, and maintaining employee records equips her to significantly contribute to the growth and success of AiRANACULUS.
